July 10th, 2026

Dear ADTO Members,

IT'S TIME TO RENEW YOUR MEMBERSHIP!

As we begin another membership year, we would like to remind you that it is time to renew your membership with the Association of Dental Technologists of Ontario (ADTO).

On behalf of the Board and leadership team, we would like to express our sincere gratitude for your continued support and commitment to our Association. Your membership enables ADTO to advocate for the profession, promote excellence in dental technology, and support the growth and success of dental technologists across Ontario.

We are pleased to announce that both membership dues and Professional Liability Insurance (PLI) fees will remain unchanged this year. Despite increasing costs affecting many organizations and businesses, ADTO has worked diligently to ensure that members continue to receive valuable benefits and professional support without any increase in fees. We recognize the financial pressures facing many professionals and are committed to providing stability and value to our members.

Throughout the year, ADTO has continued to represent the interests of dental technologists, foster professional development opportunities, and work collaboratively with stakeholders to strengthen and advance our profession. None of this would be possible without the support and engagement of our membership.

As healthcare and dental technology continue to evolve, it is more important than ever that our Association remains responsive to the needs of its members. This is why your feedback is essential. ADTO is committed to listening to members and ensuring that our programs, services, and advocacy efforts reflect the priorities of the professionals we serve.

We are currently exploring several new initiatives and member benefits designed to provide greater value and support, including:

- Expanded continuing education and professional development opportunities.
- Access to webinars, workshops, and industry-leading educational resources.
- Enhanced networking opportunities with fellow dental technologists and industry partners.
- Member-exclusive discounts through strategic partnerships and preferred providers.
- Career development resources, mentorship opportunities, and support for emerging professionals.
- Improved communication channels to keep members informed of industry developments, regulatory updates, and technological advancements.
- Increased advocacy efforts to promote the recognition and importance of dental technologists within the broader oral healthcare community.

To help us prioritize these initiatives and develop programs that truly benefit our members, we invite you to participate in our member [survey](#). Your input will provide valuable insight into the challenges, opportunities, and support needs within our profession.

By completing the [survey](#), you will help us:

- Better understand member priorities.
- Identify areas where additional support is needed.
- Develop new benefits and services that address real-world needs.
- Strengthen ADTO's advocacy and representation efforts.
- Ensure that future investments and initiatives deliver meaningful value to members.

Every response matters. Whether you are a long-standing member or have recently joined the Association, your perspective helps shape the future direction of ADTO. The stronger our understanding of member needs, the better we can serve and advocate on your behalf.

As you renew your membership, we encourage you to remain actively engaged with the Association and take advantage of the opportunities available through your membership. Together, we can continue to strengthen our profession, promote high standards of practice, and support the success of dental technologists throughout Ontario.

Your ADTO membership continues to include a Liability Insurance Package, brokered by BMS Canada Risk Services. This program includes Professional Liability Insurance (PLI), Commercial General Liability (CGL) and access to a Legal Services Package to support you with day-to-day legal needs. To ensure there is no interruption in your insurance protection, it is important that you renew prior to September 1st, 2026. The breakdown of the 2026-2027 membership fees is as follows.

Full membership dues	\$642.32
13% HST on membership dues	<u>83.50</u>
	725.82
Professional Liability Insurance (PLI)	90.00
8% PST on PLI	7.20
Legal Services Package	8.00
13% HST on Legal Services	<u>1.04</u>
TOTAL	\$832.06

Thank you once again for your continued loyalty, participation, and support of the Association of Dental Technologists of Ontario. We look forward to serving you in the coming year and continuing to build a strong, connected, and forward-thinking professional community.

Please renew your membership today and take a few moments to complete the member survey. Your feedback will help us build an even stronger ADTO for the future. Should you have any questions, do not hesitate to contact Veronica at 416-742-2386 or info@adto.ca.

Sincerely,

Karim Sahil, MDT, RDT
President
